

CEW – Student Evidence

YES!

Am I Qualified

CEW Academic Standard: 13.1.8 F

Name:

Date:

During the JA YES! activity, Am I Qualified, you discussed the seven levels of education (Doctoral, Master's, Bachelor's, Associate's, Postsecondary certification, High school diploma and no formal diploma/certifications) along with the typical level of education that most workers need to enter a certain occupation.

Why is education important for you and your future?

CEW – Student Evidence

YES!

Career Paths

CEW Academic Standard: 13.1.8 B & G

Name:

Date:

During the JA YES! lesson, Career Paths, you explored how a career cluster is a group of jobs and industries that are related by the knowledge and skills they require. You also completed a survey to match your interests with potential careers.

How did your personal interests and abilities impact your future career path choice(s)?

As you researched careers in your top clusters, what did you discover that will help you create a career plan for your future?

CEW – Student Evidence

YES!

Manufacturing

CEW Academic Standard: 13.1.8 A & B

Name:

Date:

During the JA YES! activity, Manufacturing, you discovered the steps and processes involved in manufacturing.

Explain why or why not a career in manufacturing is a possibility for a future career for you, based on your individual interests and what you learned today.

Is there a particular job role in the manufacturing process that you are most interested in?

CEW – Student Evidence

YES!

The Trades

CEW Academic Standard: 13.1.8 D, E & F

Name:

Date:

During the JA YES! activity, The Trades, you explored skilled trade jobs, the level of education needed for these jobs and their importance in our community.

What are the benefits of learning a skilled trade?

Would you consider a skilled trade job for your future? Why or why not?
