Soft Skills

CEW Academic Standard: 13.3.8 A & B

Name:

Date:

During the JA YES! activity, Soft Skills, you discussed the difference between soft skills (personal attributes and people skills that are needed to do well in most jobs but are not tied to a specific job) and technical skills (the abilities and knowledge needed for a specific job).

How do your soft skills impact others when working in a team setting?

Which soft skills and which technical skills will be the most important for a career you are interested in pursuing in the future?
