

# Ready, Set, Go!

It's time to volunteer for JA YES! Days during the 2024-25 school year.

Our YES! (Your Economic Success) Day program for middle school students is a hands-on, interactive morning program where students are exposed to career readiness, entrepreneurship & personal finance activities, led by community volunteers to help them begin thinking about the importance their education, career, and financial decisions will have on their lives.

Here is our fall/winter schedule of YES! Days:
