

To Our YES! Day Volunteers,

Thank You!

Now that the school year is over and we can catch our breath, we want to take a moment to thank all of our amazing YES! volunteers who showed up and made these days such a success.

It's hard to believe that in our first full year of offering the YES! program we visited 12 schools in NEPA and reached more than 2,800 middle school students and we could not have done it without YOU! As you know, this program relies on corporate and community volunteers to deliver the lessons, and to reach 2,800 students it took A LOT of dedicated volunteers.

We are incredibly grateful for your time and commitment to these students. Our success is your success!

We are in the process of scheduling YES! Days at returning and new schools and hope to bring the program to 18-20 districts in the upcoming school year. We sincerely hope you will return as a volunteer and to increase the number of students impacted by the program, we are also looking for new recruits!

To that end, we're asking you to join us in engaging new volunteers by thinking about those people in your company, organization, or circle of friends who might enjoy working with students as a YES! Volunteer.

[Be sure to check out this video](#), created by Victoria Kozlek, an 8th grade Computer Science teacher at Hazleton Area's Valley Middle School, that provides insight into a typical YES! Day. Feel free to share the video with any potential volunteers!

You can refer any interested candidates to contact us via email (info.janepa@ja.org), give us a call (570-602-3600), or fill out the [YES! Day Volunteer sign-up form](#) and we'll contact them with more information.

We hope you have a restful and enjoyable summer and we look forward to seeing you at another YES! Day this coming school year.

Gratefully,
The JANEPA Team
